

## Charity gets funky at ceremony

The annual Caritas Anchor House Awards Ceremony brought together the charity's residents, staff members and partners for an evening of celebration.

Students from the East London Arts and Music academy opened the show with a variety of musical performances as well as a rendition of True Traveller, a song based on the life of a Caritas Anchor House resident.

Audience members were then treated to a viewing of Canning Town Funk, a video made by staff and residents to show the feeling of togetherness which is seen as an essential part of the char-

ity's work.

Various staff members received awards with accolades for Most inspirational Resident and Best contribution to Caritas Anchor House being awarded.

More than 50 residents also received certificates in recognition of their volunteering work.

Keith Fernet, CEO of Caritas Anchor House, said he was delighted at the success of the night.

He said: "The awards night is an evening of celebration and it was wonderful to see such a great turn out to support our winners."
