

Leaving your Legacy

Your Wishes

A Will is one of the most important documents you'll ever write.

It's the only way to make sure the people and causes you care about are looked after, and it's where you can decide what happens to your money and possessions. Writing your Will is your chance to state your wishes for the future. It saves your loved ones from added stress at a difficult time, and often reduces the amount of Inheritance Tax payable.

Our Future

We all experience difficult times in life.

No one should be left alone on the streets when they go through them. You can help people faced with homelessness in Newham for years to come, by making sure there continues to be a safe place to go to rebuild their lives, when it gets tough.

At Caritas Anchor House there are no quick fix solutions provided.

We give sustained personalised support to allow those who have been through the worst, to grow in confidence and go on to live again.

Create a world
where Marie
isn't left feeling
invisible

"I had a fall at work and the next day, I was in so much pain that I couldn't walk. I was diagnosed with fibromyalgia. A week after my diagnosis, I was made homeless.

"My landlord wasn't happy having someone living there who was on benefits, so he evicted me. I spiralled. I didn't know what to do. Being on the street was so scary, I thought I would die. No one ever asked if you're okay.

"When I was referred to Caritas Anchor House, I was a mess. I could barely walk, wash or feed myself. There's been a huge turnaround for me. My key worker has been a rock since the moment I came here. Everyone has been so supportive. She is like the mother we never had.

"She's compassionate and understanding. When I leave here it will be like leaving home again, but the right way this time. So, here I am; all refreshed and trying to get on with my life."
